

*Join us for a special art dedication in
memory of Alan Endter
during Shabbat services on
Friday, April 11th at 8:00 pm!*

Please join the Janice Trope-Endter, Joshua and Zachary Endter along with members of our Or Hadash community on **Friday evening, April 11th at 8:00 pm** to celebrate Shabbat and the dedication of the art quilts commissioned in memory of Alan Endter, z"l.

The artist, Deborah Schwartzman, has created two large pieces of stunning silk, nature themed art, which will hang in our sanctuary. What is pictured here is just a small piece of the very special whole!

Alan always wished that this room in our home have beautiful artwork and now it will come to fruition. Just as he initiated and completed so many aesthetic and functional synagogue related projects during his years at Or Hadash, it is fitting, and gives our congregational family great pleasure, to see another one of his visions accomplished for all to share.

Please join us in remembering Alan and honoring his memory at the dedication of the quilts.
