

# *The Broken Mishkan*

Join the Delaware Valley Jewish Community for a special event featuring a performance and conversation with Sara Nesson

***Mishkan*** is Hebrew for “sacred space.” *The Broken Mishkan* is a 23-minute theatrical work that follows one woman’s compelling journey toward wholeness after being diagnosed with a chronic illness. From swimming New Hampshire lakes to chanting psalms with nuns in a redwood forest, in a story that is part memoir/part *midrash* (biblical improvisation), Sara celebrates the poignant connections between art, healing, wilderness, and blessing.
